

GHD Rectangular Table Trucks

Each table truck is constructed of a 2" square tubing frame. The handrails are constructed of 1.25" tubular steel and wrapped with comfort grip. Inclined bowties are made from 2" flat steel to support tables for easy loading and unloading. Bowties are welded not bolted. Each truck has two 6" swivel casters and two 6" swivel casters with locks and brakes. Trucks are 33" in width for easy passage through doorways. Finish is baked-on powder coat in black.

Flat-Loading Table Truck

End rails are made of 1 1/4" 16-gauge tubular steel and are removable for ease in loading and unloading. Frame is 1 3/4" x 1 3/4" x .1875 steel angle side rails and cross members. End rails furnished with protective inserts to protect table tops. Four 5" non-marking swivel casters enable one person to move a full load. Finish is a baked-on powder coat in black.
